We are proud to introduce our new partnership with Stemple Creek Ranch. Their grass-fed beef is now available in our Meat Department. Stemple Creek Ranch is a 4th generation family owned and operated organic cattle ranch in Tomales, CA. Stemple Creek raises organic grass-fed and grass-finished beef and lamb using sustainable

and regenerative agricultural practices. The Poncia family has run their family ranch in Tomales for over 100 years. Angelo Poncia, the family's first immigrant to the United States from Italy, settled there in 1902. Today, Angelo's grandson and great-grandson, Loren Poncia, still operate their family's cattle ranch raising all natural, grass-fed beef and lamb.
